Mimamos la madera. trabajamos la materia prima en su estado puro, tanto madera como chapas, realizamos un meticuloso proceso de selección, aplicando desde las técnicas más artesanales como los controles más novedosos.

Didomobili es una combinación poco común de experiencia, juventud, conocimiento e innovación. Dos generaciones de artesanos ebanistas con la misma pasión por su trabajo.

Planteamos nuestro día a día como un reto constante en busca de la calidad, para conseguir el conocimiento necesario que aporte a nuestros clientes un producto en el que puedan confiar y del cual nosotros nos sintamos honestamente satisfechos.
